Swivel Nut Connector†	664194R	664194R	664194R	664194R	664194R	664194R	664194R

Please specify the correct Model No., Serial No., and part number(s) when ordering parts from the nearest authorized dealer or service center.

To replace a restrictor for the outdoor or indoor unit, refer to the Quick Reference Data document that came with your unit to determine the size of the restrictor. The part number scheme for restrictors is “664” and three decimal places of the size of the restrictor. For example, a 0.042” restrictor part number would be 664042.

**Units built after 6/1/2012 have a different distributor and liquid valve and the outdoor restrictor is inside of the liquid service valve.

† This part is only needed if replacing a two piece distributor.
