

Comfort Quality Pledge and Warranty

FRIGIDAIRE

COMFORT THAT FITS YOUR LIFE

FRIGIDAIRE UNITS OFFER AN INCREDIBLE CUSTOMER PROMISE THAT PROTECTS YOUR INVESTMENT FOR YEARS TO COME.

Every Frigidaire product offers one of the best warranties in the industry – a 10-year limited warranty on all parts. Plus our proprietary Comfort Quality Pledge states that if within the first 10 years* the compressor or the heat exchanger fails, we will replace the entire unit.

Here's how our Comfort Quality Pledge works.

Your Frigidaire heating and cooling unit(s) will be replaced with new equivalent equipment should your compressor or heat exchanger fail during the first 10 years (with product registration) or 5 years (without product registration) of ownership. Frigidaire split systems must be installed with a Frigidaire matched indoor coil or air handler.

Here's how our warranty works.

All parts on your Frigidaire heating and cooling unit(s) are covered by a 10-year warranty with product registration, or 5-year warranty without product registration. Air handlers and coils carry a 5-year all parts warranty and, when installed with a matched outdoor unit, will carry the outdoor system warranty. Frigidaire builder's series models carry a 5-year all parts warranty and a 5-year compressor warranty. Also, when registered, furnaces that carry a 20-year limited warranty will be upgraded to a limited lifetime heat exchanger warranty.

Simply register online at www.frigidaire.net or return your product warranty postcard, and your product warranty and pledge will be upgraded from 5 to 10 years.

LIMITATIONS: For all systems not registered within 60 days of purchase, the 5 year parts warranty and standard Quality Pledge applies. Standard compressor and heat exchanger warranties apply for applicable products not registered. See actual warranty for details. Warranty and Quality Pledge are applicable to original owner; single-family, owner-occupied residences. This extended product coverage is non-transferable. See warranty document for coverage on commercial and multi-family properties if applicable.

Frigidaire fits your life.

- **Delivering peace of mind after unit.** Every unit is checked at least three times during each manufacturing stage. This is an average of 150 quality checks as your unit is being built. In addition, all electrical and mechanical components are 100% fired and tested on the manufacturing line. You are assured a quality unit is delivered to your home.
- **Extending the life of your unit.** High quality does not just happen. It must be engineered from the start. All products are designed for maximum performance.
- **Total comfort never felt so good or sounded so quiet.** Great airflow and quiet performance are part of the Frigidaire comfort equation.
- **Designed for easy care.** Smooth and practical lines make your Frigidaire product eye-appealing. All outdoor units are finished with a silicone-protective polyurethane finish. This step helps to protect your unit from erosion and scratches.
- **Built to last.** Your unit will provide years of trouble-free and reliable service.

FRIGIDAIRE

COMFORT THAT FITS YOUR LIFE

A labor fee up to \$250 will be paid for the Quality Pledge to help replace the failed piece of equipment to the servicer.

* ES/ET models carry a 1-year Comfort Quality Pledge when registered.
