

Ultra Violet 120 Volt Germicidal Air Treatment System

Versatile tandem design

Fast installation design

Easy lamp access

“Smart light” photo cell indicator

Available in 9” or 16”

Dual lamps

Vented ballast

Built in contact LED

for multiple unit connection

ideal for air handlers, fan coil units or gas furnaces

lamp replacement without removing or opening system

confirms lamp operation visually

sizes for small & large applications

high UVC intensity

Protects performance for durability

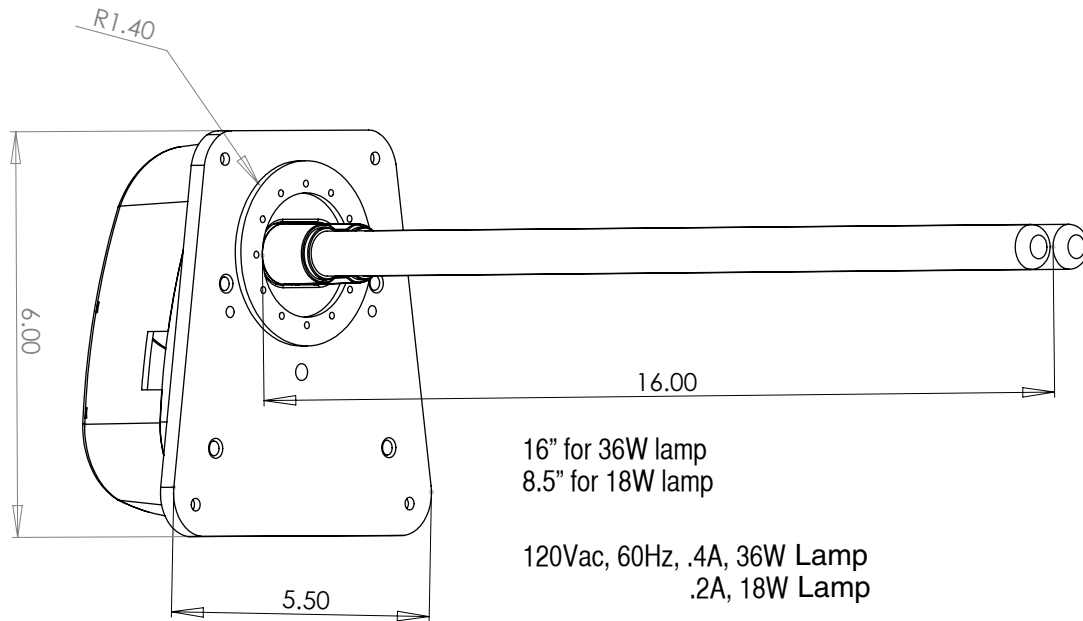

visual & audible for service notification

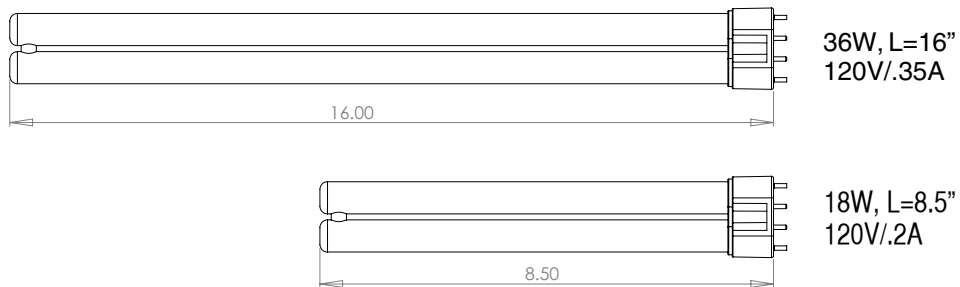

120
VOLT

5 year warranty

120 Volt Ultra Violet Germicidal Technical Engineering Specifications

120V Ultra Violet Lamp Optio

- UV unit powered by 120 AC
- UV & corrosion resistant
- Installation template gasket for installation ease
- Electronic ballast with "Variable Voltage Protection" CUL
- High Intensity Dual UVC Germicidal lamp for enhanced kill rate
- Built in Annual service notification
- Efficiency: Up to 99% for extended exposure on surfaces

Specifications for 120 Volt Germicidal Ultra Violet Purifier

POWER REQ'D	MODEL DESIGNATION	SERVICE TEMP	LAMP DIMENSIONS	LAMP HOURS	UV WATTAGE	UV OUTPUT uw/cm2 at 2 1/2 Feet
